For Immediate Release

Tracy Morgan Joins Skipping Stone

Los Angeles, CA, July 20, 2010: Skipping Stone announced today that Tracy Morgan has joined the company as Principal and Vice President Consulting Operations. Ms. Morgan has 18 years of experience in the deregulated electric and gas back office, risk management, operations and related software marketplaces. She specializes in applying business processes, market rules, and management strategies to create efficient operations supported by relevant technologies. She has assisted numerous energy clients achieve success in these areas. Tracy also has ISO/RTO markets and settlements, energy accounting and reconciliation, software selection and implementation experience and is an ISO 9001 Certified Auditor.

Ms. Morgan's energy industry experience includes, Director of Energy Accounting for Commerce Energy Group, Project Manager/Senior Consultant for Nexant, Senior Analyst for Sempra Energy, and Director of Energy Services and Regulatory Affairs for Utilisource.

Ms. Morgan will be based in Skipping Stone's Southern California offices where she will have responsibility for consulting operations, as well as working on selected client engagements.

"Tracy is a proven go to person with deep energy market expertise as well as project and operational management skills. As we continue to grow our client base and expand our pool of energy subject matter experts, Tracy will play a critical role in assuring we maintain our high standards of excellence. Not only are we fortunate that she joined us, more importantly, I know our clients will really appreciate what she can do." said Peter Weigand, Chairman, Skipping Stone.

About Skipping Stone:

Skipping Stone is an energy strategy and market consulting firm, established in 1996 with a mission to serve clients in the ever changing energy marketplace by being a different kind of consulting company. The difference: we provide services by utilizing only professionals that have direct experience in the energy industry. This simple mission and our service delivery model have resulted in numerous successful engagements for over 200 clients worldwide. With offices in Boston, Los Angeles, and Houston, the company focuses on natural gas & power markets, renewables, demand response, energy technologies and sustainability.
